

COVER CROP PROGRAM FY 2019 GUIDELINES

Kent Conservation District

The purpose of this practice is to reduce the pollution of ground and/or surface water.

Cost-Share Rates and Planting Dates

Crop	Planting Rates	Planted By Sept. 17	Reported By Sept. 24	Planted By Oct. 1	Reported By Oct. 8
Spring Oats	96 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre
Rape	8 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre
Forage/Oilseed Radish	10 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre
Winter Peas	50 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre
Radish / Pea Mix	6 lbs. / 30 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre
Forage Turnip	4 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre

Crop	Planting Rates	Planted By Oct. 1	Reported By Oct. 8	Planted By Oct. 29	Reported By Nov. 5
Annual Rye Grass	20 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre
Clover	20 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre
Vetch	25 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre
Rye and Triticale	112 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre
Wheat / Speltz	120 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre
Barley	120 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre
Winter Oats	96 lbs. /acre	\$50 per acre	\$50 per acre	\$40 per acre	\$40 per acre

***Aerial application of crop(s) will require a 25% increase in seeding rate**

CONDITIONS

- Application of commercial fertilizers or animal manures (N and P) are not allowed on a field that is intended to receive or is receiving cover crop incentive payments. In the case of a hardship, manure may be allowed to be applied to enrolled land in the fall only after receiving approval from the Kent Conservation District (KCD) Board of Supervisors or their designee. If the cover crop has not already been planted, it must be planted within 7 days of manure application. Examples of hardships might include heavy rains that fill to capacity or overflow a liquid manure storage structure or diseased poultry litter that must be removed from the house immediately. The Board of Supervisors has the right to approve or disapprove such requests.
- You will receive **ONE** payment: **Harvest is no longer allowed within the KCD Cover Crop program.** Written planting certification must be made by the dates specified in the above table. Payment for cover crops will be paid once the participant certifies in writing that the crop has been disposed of in an approved manner between March 15 and May 31, 2019, except for peas which may be destroyed starting March 1, 2019.
- Farmers will self-certify in writing that program provisions have been met prior to receiving payment. **Each program participant must visit the District office to review the maps and certify the fields planted by the dates listed in the above chart. Failure to do this will result in no cost-share payment and withdrawal from the program.** Spot checks will be conducted.
- Program participants must visit the KCD office to review the maps and to certify in writing, by completing the destruction form, that the cover crops were destroyed between March 15 - May 31, 2019 in accordance with step #2 before receiving payment, except for peas which may be destroyed starting March 1, 2019. Failure to certify by June 3, 2019 will result in nonpayment.
- Options for end-of-winter management include killing by a "burn-down" herbicide, by plowing it under, or green chop (for on-farm use only), before planting to the new crop.
- Aerial seeding must be completed by the listed dates and at the required rates. Applicator bills may be requested.
- Planting of cover crop into hay ground and / or pasture is not eligible.**
- Grazing on KCD cost-shared cover crops is allowed with the following conditions:
 - Farmer must submit **a written request** to KCD at least two weeks prior to grazing livestock. Please identify the fields to be grazed and the number and type of animals.
 - Cover crop must be well established. Under optimal conditions, grazing can commence 6 to 8 weeks after planting and after two week written notification.
 - The KCD reserves the right to deny a grazing request based on poor crop establishment, too many animals per acre, or other conditions that may apply.

SPECIAL NOTICE

Cover Crop Assistance will be a maximum of \$8,000.00 per applicant, paid at destruction. In the event enrollment in the program does not equal available funding, the Kent Conservation District reserves the right to adjust the maximum payment amount per participant.

For more information, please call the District at 741-2600, ext. 3.
